Here is my genuine appraisal of the experience with PIMS. I'm hearty satisfied with the services provided by PIMS especially the teachers, staffs and the management. They are always available in real time for any queries and suggestions for upcoming CMA professionals just like me... Faculties and the way of teaching especially the conceptual clarity of subjects are appreciable. PIMS is always a great choice for upcoming Accounting professionals

I already attend 1st group CMA Intermediate class as Offline at another institute now I am attending the classes of Prodigy institute for 2nd group Intermediate. This Prodigy's classes are far better than the offline class. Because here Co-ordinators and Faculties are excellent with their work. All classes are understanding very well. Totally this institute is very helpful to me!
